Accident-full Weekend

1 Killed, 8 Hurt

One of the heaviest traffic accident tallies in many months chalked up in Hancock County this weekend as hundreds of city dwellers and other visitors converged on the area for the first vacation weekend.

One dead, one critically injured, was the score Sunday at County's newest safety device, traffic light at Dunbar and U. S. 90, Bay St. Louis. Both N. A. and American Ambulance Service were called to the scene. Killed was Robert Emmett

Moore Jr., 40, of Crosby, and still on the critical list yesterday was Mrs. Elva Haydel, about 33, of New Orleans, who were traveling north on Dunbar Avenue in a Triumph. Mrs. Christian Crusta, Abbeville, La., who with her husband were in the other car involved, a 1959 Buick, suffered minor injuries and was admitted to Hancock General Hospital and subsequently discharged.

Moore's death is the fifth fatality in Hancock County during 1960 and the third in less than three weeks. Frank Joseph Carver was killed on Route 604 near Logtown on May 25 and last Wednesday Mrs. Curtis Davis was killed in an accident close to the scene of Carver's death on 604.

According to Patrolman Fred Curet, who investigated Sunday's accident, the Triumph with Moore driving crossed U. S. 90 on Dunbar Avenue about 2:50 p.m., and was hit broadside by the Crusta Automobile. Eye witnesses reported, Curet said, that the green light was for U. S. 90 traffic.

Three Bay St. Louis youths suffered cuts and bruises when their car went out of control on Felicity Street near Joe's Bar about 10:20 p.m. Saturday and crashed into brush and trees alongside the road.

Injured were Jeffrey Schultz, believed to be the driver, August Rauxet III and Wayne Colson. Schultz and Colson were given emergency treatment at Hancock General Hospital and released. Rauxet was discharged yesterday morning.

Sheriff Gerald V. Price said the car apparently went out of control when it reached the point on Felicity where the hard surface ends and entered a stretch of soft sand.

Beat 1 Constable H. G. Dean who was first on the scene said when he arrived one of the boys was in the car and one lying outside the car. Both appeared in a state of shock but told him another had run into the woods. Deputies Gerald Price Jr. and John Kachler later found the youth in his home bleeding from the head and apparently in a state of shock.

A head-on crash on U. S. 90 a short distance west of Pearlington about 8:45 p.m. Saturday resulted in serious internal injuries to a Keesler Airman and extensive damage to both cars.

Airman Donald W. Baker, 23, Keesler Air Force Base, was driving west, Highway Patrolman Fred Curet said, and apparently attempted to pass a long line of cars. He was driving a 1954 Buick and crashed into a 1959 Cadillac going east driven by Joseph Almerico, 47, of New Orleans.

Both were taken to Hancock General Hospital where Baker was given emergency treatment and transferred to Keesler. Almerico was x-rayed and released with no apparent injuries. Baker will face charges of driving on the wrong side of the road as soon as he is able.

No injuries resulted from an accident on U. S. 90 two miles west of the Louisiana line at 9:30 p.m. Saturday when a 1957 Chevrolet driven by Russell Gleister of New Orleans was struck in the rear by a 1960 Chevrolet Corvair driven by Scott Edmonds of Keesler Air Force Base.

Sheriff Price commended the efficiency afforded by the new hospital's emergency room and the prompt service rendered.

14 Nurses Aides Complete Class

Nurses' aide diplomas were awarded to 14 Saturday at Hancock General Hospital after they completed a course of instruction given by the hospital in cooperation with the Mississippi Department of Education.

Awarded diplomas were Mesdames Doris Karl, Esther Moreale, Mrs. Elizabeth Maurig, Mrs. Lois Miller, Mrs. Rosa Lee Benigno, Mrs. Lorraine Poolson, all of Bay St. Louis, orderly. All three are Negroes.

As trustees approved a May docket of \$5,126.48, Logue and T. T. Reboul, board chairman, noted that a good sized order of additional sheets will be needed if the emergency room continues as busy as it was last Sunday. At present there are 186 sheets for 32 beds and because of last weekend's load, a dozen more had to be secured Sunday.

At the suggestion of Sam L. Favre Jr., board attorney, the administrator was directed to check all surplus equipment from the old hospital which cannot be used either in the new plant or at the county home, put a price on it and with the executive board dispose of it. Logue said he had checked with the state auditor and learned items could be sold for a fair price if their value was less than \$100. It appears only one of two articles will be more than that.

Also pertaining to disposition of the old hospital formerly owned by the King's Daughters organization, Favre said he believed the deed of transfer at the courthouse would show proceeds from its sale were to go to the building and maintenance fund of the hospital, rather than for a charity ward, the belief expressed at the board of supervisors meeting last week. Trustees observed that the only thing of value was the land.

Logue reported on proposed treatment for the water system and further check of the water condition and costs were requested, and noted insurance premium estimates on the boiler room equipment.

Some shakedown difficulties have been encountered at the new building since the food trays

Patient Population Up at New Hospital

Patients at the new Hancock General Hospital in its first 13 days of operation have averaged 175 compared with the May average of 51 in the old building, Administrator Thomas O. Logue told the board of trustees Tuesday night.

Logue's report on some of the problems evolving from the transfer of operations to the modern 32-bed plant occupied the bulk of the hour-long session and trustees appeared generally pleased with what they learned. A total of 55 patients were admitted during the first 13 days of June, Logue said, against 44 for May at the old hospital and the highest daily census was 27 against 12 at the Carroll Avenue building.

Questioned about finances, he reported collections have been coming in slowly but that is because most patients have insurance. So long as the patient load is from 15 to 20, the operator can meet expenses, Secretary Norton Haas observed. That winter is generally the best hospital season.

Seven of the 14 women who completed the nurses aide course have been hired for the staff, the administrator continued. They are Mrs. Doris Karl, Mrs. Esther Moreale, Mrs. Lorraine Benigno, all of Bay St. Louis; Mrs. Gladys Bell Lee, Mrs. Ray Lecher, both of Kiln, and Mrs. Ophelia Singleton, Negro, of Bay St. Louis.

Mrs. Marlene Hart of Bay St. Louis has been hired as a registered nurse and Mrs. Mary Ann Penalver of Waveland has

been rehired to fill a vacancy on the kitchen staff, and Thurman Hudson of Lakeshore has been named an orderly.

Others named to fill vacancies are Inez Williams, kitchen and floor helper; Matthew Williams, orderly, both of Pearlington, and Larry Cain of Bay St. Louis, orderly. All three are Negroes.

As trustees approved a May docket of \$5,126.48, Logue and T. T. Reboul, board chairman, noted that a good sized order of additional sheets will be needed if the emergency room continues as busy as it was last Sunday. To Dedicate Armory Saturday

Mississippi Adjutant General W. F. (Pat) Wilson and Secretary of State Heber Ladner will be featured speakers when Hancock County's new \$78,000 National Guard armory is dedicated during a day-long program planned Saturday.

Activities will get under way with a parade starting at 9 a.m. from the Carroll Avenue ballfield and winding through downtown Bay St. Louis. Featured will be the 17 contestants for the title of Miss 134th Light Transportation Co., in a beauty contest beginning at 7 p.m. Capt. Irvin S. Kingston, commanding officer of the local unit, will crown the winner.

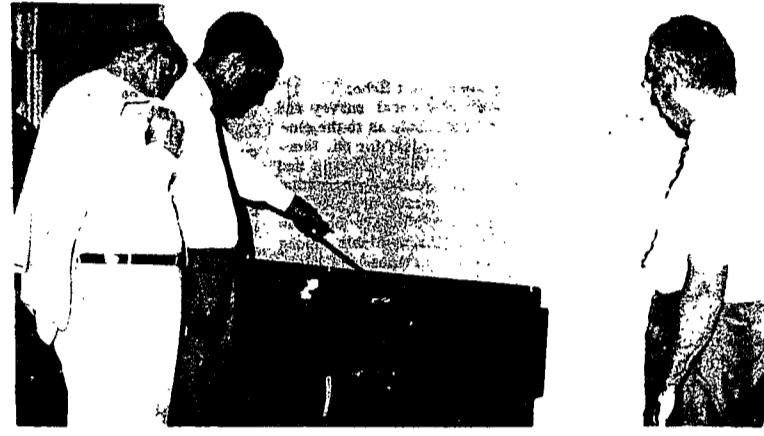

A semi-formal dance honoring the local company will begin at 8 p.m., under auspices of the recently formed auxiliary.

The 134th was organized in October, 1954, with 15 members.

Final Check Made on 3 School Jobs

Three building projects of the Bay St. Louis Separate Municipal School District costing almost a quarter of a million dollars underwent final inspection last Wednesday preparatory to going into use with the start of the 1960-61 session in the fall.

The major project, the North Bay Elementary School, brings to five the number of plants in the district. It includes 16 classrooms, library, storage areas, office, cafeteria and restroom facilities.

Also included are an addition to Valena C. Jones School for Negroes, and a lunchroom at the Waveland Attendance Center.

Hester Blaine, inspector for the State Education Finance Commission, and local authorities who went over the properties termed them among the cleanest and finest jobs in the state. A few minor matters were noted which will be corrected before the board of trustees accepts them.

The inspection party included Superintendent J. D. McCullough, Trustee J. W. Watts and Robert Hamilton; Architect Charles Proffett, Jr., of Brice Building Co., and Bill Eason, job inspector.

Smith Named 1st Alternate Boys' Nation

Charles Smith, delegate to Boys' State from Hancock North Central School, was named first alternate from Mississippi to Boys' Nation in Washington next month while other Hancock County delegates claimed other honors in the annual week-long citizenship training program conducted under auspices of the American Legion.

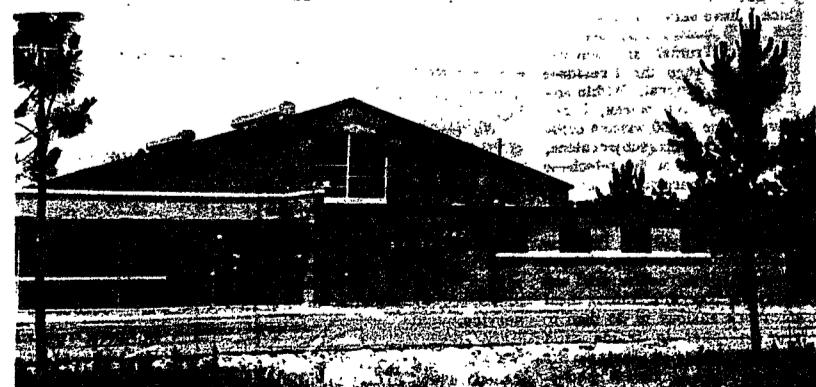

Smith, who ran on the Federalist ticket, also was elected president pro-tem of the Senate for the mythical Magnolia state.

Lars Phillips from St. Stanislaus College and James Mayfield from Bay High School, candidates for the Nationalists Party, did not fare quite as well. Phillips lost his bid for the House of Representatives and was appointed a commissioner for the Department of Public Welfare.

Mayfield was defeated on his nomination for a Senate seat and wound up as chancery clerk.

The boys returned home.

Sign of Growth

We believe anyone who has gone through our new Hancock General Hospital will say that it is a very fine structure of which the citizens can be proud. To us it is a little more than that. It is somehow symbolic of Bay St. Louis' recent growth.

To those who occasionally complain that our city is standing still we would like to point out some of the major buildings completed, or soon to be, since Jan. 1. An incomplete list would include the new Health Center, Our Lady of the Gulf Elementary School, North Bar Elementary School, and the National Guard Armory as well as the hospital.

To us this indicates good sound growth just as much as does the continued increase in the amount of our retail sales.

Water Shortage

The use of water from the city water system is now restricted to the periods 7 a.m. to 9 a.m. and 5 p.m. to 7 p.m. Much of the reason for this restriction by the Commission Council is our waste and inconsideration.

It is true that water tables throughout the United States have been constantly dropping in recent years, particularly in areas of heavy industry, that during the last month Hancock County has had almost no rain, and that the pressure in our water mains is frequently inadequate.

Also, we have no meters, so if any are wasteful it does not cost them in money. We have heard it estimated that for a city of its size Bay St. Louis uses more than double the average.

Water meters may be a nuisance and initially expensive. They may also be the easiest and cheapest solution to our summer water shortage.

Congressional Sidelights

By Rep. WILLIAM M. COLMER

A CONGRESSMAN'S MAILBAG

Our friend, Walter Rogers, who represents the 16th Congressional District of Texas (the Panhandle), is an interesting fellow, and his very readable newsletters reflect that fact. We have on occasion shared some of his more choice efforts with the readers of this column, and we hope that will enjoy his comments below on a Congressman's mail:

"The variety is the spice of life, as the old saying goes, members of Congress have a well-seasoned existence. Even the proverbial 'Joseph's coat of many colors' could not boast of the variety that graces the mail flowing into a Congressional office. Sometimes it comes so fast and furious that it is impossible to avoid some time in answering. Some express glad tidings and great joy, while others reach the other extreme of complete frustration and are permeated with the depths of despair. Many contain personal problems of the writers who are writing to their Congressman because they know not where to turn. Others contain advice and counsel on world affairs, national affairs and specific pieces of legislation. Many are 'thank you' letters while some are replete with caustic criticism. Some are written on the finest embossed stationery, while others may be on the reverse side of a discarded letter or an old piece of paper, sack, envelope, the great bulk of the mail is the mail under these circumstances can be 400 to 500 per cent over a few days period."

"The issue that created the greatest increase in my mail since I have served in Congress was the controversy between Truman and General MacArthur when the President fired the General. Within approximately two weeks, I received over 7,000 written communications on that subject alone, and the majority of the telegrams and telephone calls concerned the same issue. The same was true when the Army was sent to the South to quell the civil rights movement. I have received many favorable and unfavorable comments on this issue."

"We conclude that the people of the Texas Panhandle are much like those of South Mississippi. With Congressman Rogers, we recognize that letters provide a wonderful means of communication between the people and their elected representatives, and we always welcome expressions of views and opportunity to be of service."

"If men lie, you can blame the women. They insist on asking questions."

Letters

To the Editor

Editor, Sea Coast Echo:

After a general survey and inquiry was made as to the employment situation for our teenage group in Bay St. Louis and Waveland, it seems apparent that more teenagers are ready, willing and able to take jobs than there are jobs available among our local services and merchants.

One suggestion I would like to make is that the teenager can create his or her own job and service by forming some association entitled something like Teenage Enterprises. While I suggest an adult advisory committee, the teenagers could have their own by-laws, elect their own officers and run the business.

These teenagers could render beneficial service with justified pay in many ways. A few possibilities are to wash cars, baby-sitting service, care of lawns, providing many services for shut-in-stay-at-homes such as writing letters or running errands and reading. The organization might act as junior caterers by helping at parties and picnics. Many more suggestions feel sure the teenagers will come up with.

A common meeting place is planned if enough show interest.

This is important to our young, both in rendering service and earning reasonable pay and also in the pride they will have in launching something that can be called their own.

We hope the Sea Coast Echo and the Waveland Advocate will act as a temporary clearing house to get the names of those teenagers who are interested. A determining factor in the speed you teenagers can organize will be the expression of your interest. I believe you can really give the adults an "eye-opener" through your example.

PAULINE GAUDET

(Editor's Note: The Echo will be glad to act as a temporary clearing house. Either come by the office or just drop a post card addressed to Teenage Enterprises giving your name, address and telephone number. Good luck!)

By Gone Days

15 YEARS AGO

June 15, 1945—On last Thursday the local pasteurizing plant sold their first pasteurized milk in Bay St. Louis. The plant is depending on equality to be its super salesman and milk in the square bottle can be obtained in practically all stores in Bay St. Louis and Waveland.

22 YEARS AGO

June 14, 1938—For some reason beyond the comprehension of the supreme court the legislature omitted a few words from the act of 1930 providing for the distribution of special gasoline taxes to the counties with the result that Hancock County loses its 3-cent special severance levy on gas trucked over from Gulfport terminals since 1930. The court affirmed a judgment giving \$2,000 on identical shipments between 1928 and 1930.

We conclude that the people of the Texas Panhandle are much like those of South Mississippi. With Congressman Rogers, we recognize that letters provide a wonderful means of communication between the people and their elected representatives, and we always welcome expressions of views and opportunity to be of service.

If men lie, you can blame the women. They insist on asking questions.

Women's Ball Play On Tonight

Women's softball league play opens tonight with a double-header starting at 8 p.m. on the softball diamond, Dimber and Uiman Avenues.

First game will be Don's Service Station vs. L and N Bar while in the nightcap Bankston will tackle Our Lady of the Gulf. A single game is on tap for Sunday at 4:30 p.m. when Don's will meet A and A 66. Games will be played each Thursday night and Sunday afternoon. Schedule will be released next week. Mrs. Harold Krankey, secretary, said.

An organizational meeting of sponsors and managers was held Monday afternoon and Birch Bankston elected president. Donald Lucich, vice president and Mrs. Krankey, secretary. Any one interested in organizing a team is asked to call any one of the officers.

Five teams have been formed to date. They are Bankston Motors, Becky Perkins, manager; L and N Bar, Annie Ruth Dahl, manager; Our Lady of the Gulf Catholic Church, the Rev. Adrian Mercier, Mrs. Joseph Colson and Margo Jacobi managers; A and A 66 Service Station, Buck Cospolich and Mrs. Patsy Cospolich managers; Don's Service Station, Don Luxich sponsor; Mrs. Krankey, manager, and Harold Krankey, coach.

ed one more game than KC whom it has to overtake.

In Monday's games Regal continued to press the top three trouncing KC 23-4 in the opener while Youth Center, playing in fine form, downed Carter 9-4 in the nightcap. Youth Center and Regal are now tied for fourth place only a half game behind Coast Electric in third.

Sponsor Need Delays Opening Of Boys' Play

Opening of Little League softball play has been delayed because of withdrawal of two sponsors, Mrs. Theo Tudury, chairman of the Parks and Playgroup Commission said yesterday. Uniforms have been ordered and sponsors secured for six teams but two more are needed.

Sheriff Gerald Price will sponsor the Junior Sheriffs, his manager is Manuel Mauriti; Ken Whitfield has Ken's Lil' Diggers, manager is Coco Lafontaine; Sam Alman, the 7-Up Kids, manager, Red Davis; Al Summy, manager John Ladner; Coast Electric, Coast Electric Kids; Sea Coast Echo, Powell Glass Jr., sponsor, T. J. Bourgeois manager; "The Scoops" and Church of the Annunciation, Kiln, Father Vernon Danemann coach and Melvin Ladner manager.

Anybody got a surgeon in their back pocket? A. E. Kreitman of Gourmet Foods, Inc., is looking for one and is willing to pay \$10 bonus in addition to the prevailing market price. The Gourmet company has developed a process of smoking fish and shrimp and would like to try it out on a surgeon.

Kreitman said he has heard of some being caught possibly in the Pascagoula area, and thrown back because it was believed there was no market for them. He said it is his information that all smoked sturgeon sold in this country is imported from Russia and is extremely expensive. He is not sure whether the variety caught in this area is of the type imported from Russia but is anxious to try his process on one. Should the experiment prove successful, there would be a new market for local fisherman.

The sturgeon is known as a "royal" fish and is the source of caviar and isinglass. It is a large fish having an elongated, almost cylindrical body protected by longitudinal rows of bony scales and a long tapering snout. Building Permits

Building permits amounting to \$3,752.50 were issued from the office of City Commissioner J. Cyril Glover during the past week.

B. J. Ventura, repairs to dwelling.

The superintendent also reported that there was not enough money allocated to Valena C. Jones School to tile the floor of the homemaking department and that he had received two prices for 300 square feet of \$318 and \$264. It was said the money could be obtained by a change order but the board voted to advertise for bids after Artigues objected and attorney Sam L. Favre Jr. advised it would be the best procedure.

Purchase of a bench type mixer for \$443 and a cooking range for \$206 from Hub Refrigeration and Fixture Co. of Hattiesburg for Waveland School was approved but on advice of Favre another vote was taken and it was unanimously agreed to advertise for bids.

McCullough reported the school is better off financially in many respects this year because of money received from the basketball tournament at Bay High. He said athletes could now be insured during spring training as well as during the regular season.

WHICH WAY DID THEY GO? - Myrna Quarterman, last year's county forestry queen, Jack Ladner, city police officer, Marion Parker, area forester, and an Echo photographer waited nearly three hours at the end of the highway bridge Friday for arrival of the 1960 state Queen of the Forest and five district queens. A tour of the county was scheduled for the party but they failed to arrive. Edith Traub, the county's 1960 queen, was out of town.

estimate No. 7 was approved for \$21,097.20 and the architect's fee 1/4 per cent, for \$316.46.

Artigues moved that two trophies be purchased in the form of loving cups to be awarded each year to the outstanding boy and girl in the school and that the trophies not be limited to seniors or athletes but awarded to the outstanding all-around students. The motion was tabled for discussion at the next meeting.

Insurance for the North Bay school was discussed. McCullough said a bill passed at the last legislative session required school buildings to be insured at least 70 per cent of value; that figures submitted by one local insurance agency showed that it could be insured for 90 per cent for virtually the same price. Members agreed that the insurance should be divided equally between the three local agents if they could offer the same price including a five-year deferred payment plan.

McCullough said the legislature also passed a bill requiring school superintendents to be bonded from \$10,000 to \$50,000 the amount being left to the discretion of the board. That was tabled for study of cost. McCullough reminded the board the budget had to be ready by July 15. Next meeting is scheduled for July 11.

Always the heart
of our
business

Why do most drugstores sell everything from breakfast to dance wax . . . ? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

E. Knecht Is Found Dead

Lawrence E. Knecht, 66, was found dead in his bed at his home, 16 Kellar Ave., Tuesday about 10 a.m., Sheriff Gerald V. Price reported. A coroner's jury exonerated by acting coroner Nease Rhodes, Best 5 JP, rendered a verdict of "death due to natural causes."

Price said Mrs. Knecht told him she had gone crabbing early Friday morning with her sister thinking her husband was sleeping, but upon returning she was unable to open a door and called Oren Cuevas, a neighbor, who cut a screen to open the door. Price placed the time of death at about 4 a.m. He was said to have been suffering from high blood pressure.

Jurors were Oren Cuevas, Gus Ladner, H. J. Fayard, Albert Breitkreuz, Nolan Kingston, Paul M. Kramer; Gerald V. Price, Jr., ballif and Rhodes, acting coroner.

The body was transported by Fahey-Whitfield to New Orleans for the funeral at 9 a.m. today. He is survived by the widow, Mrs. Florence Mauterer Knecht, five sons, Larry, Ludwick, Melvin, Kenneth and Gene; a daughter, the late Mrs. Thelma Collette; two brothers, Vincent Knecht Jr. and the late Arthur Knecht; a sister, Iona Knecht.

Mrs. T. H. Deschamp

San Hill Cemetery is the resting place of Mrs. T. H. Deschamp, the former Theophile Peterson, who died Tuesday at Memorial Hospital, Gulfport.

Mrs. Deschamp, 79, was a native of Hancock County. She is survived by two daughters, Mrs. C. J. Cuevas, Gulfport and Mrs. Arthur Garcia, Bay St. Louis; five sons, Purvis Deschamp, Fenton, Lester Deschamp, Lester Deschamp and Elvis Deschamp, Pass Christian, and H. J. Deschamp, Memphis, Tenn.; 37 great grandchildren and one great great-grandchild; three sisters, Mrs. L. C. Cuevas and Mrs. Alcide Garriga, Fenton, Mrs. Norma Cuevas, Pass Christian and one brother, Claude Peterson, Bay St. Louis.

The funeral was from the family home Wednesday morning followed by religious rites in White Cypress Catholic Church.

Mrs. A. B. Tipping

Funeral services were at 9:30 a.m. today in New Orleans for Mrs. Katherine Dolan Tipping, 79, wife of the late Arthur B. Tipping and mother of Arthur B. Tipping of Pass Christian, proprietor of Gulf Chevrolet, U.S. 90. She died Sunday at 12:55 a.m. in New Orleans.

Survivors include another son, Dolan Tipping of New Orleans, three sisters, Anne Dolan and Mrs. Elizabeth Maloney, both of Pittsburgh, Pa., and Mrs. Margaret Frere of New Orleans; and two brothers, Michael Dolan of Cleveland, Ohio, and Patrick Dolan of Pittsburgh. She was born in Ayrshire, Scotland. A requiem mass was said at Our Lady of Good Counsel, Metairie.

John A. January

A resident of Bay St. Louis for many years, John Anthony January died Wednesday at 4 p.m. in Arabi, La.

A native of Biloxi, he was the husband of the late Edna Nance, and is survived by two daughters, Mrs. Frederick P. DeLemos, and Mrs. Arthur Mix; four sons, Joseph M., Thomas E., John A., Jr., and George D. January; also by sisters, Mrs. Victoria Polien, and Mrs. Andrew Coppelich, and brothers, Ernest January and Joseph January, of Bay St. Louis.

Funeral services are at 8 p.m. Friday from the home of Jacob Schoen and Sons, New Orleans, with requiem mass at Our Lady of the Gulf Church, Bay St. Louis.

system's bus mechanic "check tire heads" and order them before the contract with National Fleet Service of Jacksonville, Fla., expires, noting he did not expect such a favorable price on next year's bids. He noted bids for tires had been coming in from various dealers and reminded the superintendent of the contract with the Florida firm.

Phillips commented that the only place the current budget seems to have been exceeded is in transportation but said he thought the overage would be greater since the budget was based on estimates, this being the first year of transportation to North Central. He suggested that the current costs fund be used to pay as many bids as legally possible since that surplus reverts to the state July 1.

The whole financial picture, Phillips continued, is not bad, the difference being that had the supervisors restored the two mills for the system last year, it could have operated on a cash basis.

A motion by Mrs. C. C. McDonald to place Mrs. G. S. Kennedy on a full-time basis as guidance counselor was tabled until the next meeting when McCarty reported by J. C. Harrell, high school division head at North Central, had expressed doubt the faculty vacancy it would create could be relieved. He added bills were due and there was the matter of paying additional teachers. Powell suggested a check with Harrell and Rouse. Mrs. McDonald observed that last year's guidance work had shown signs of progress and suggested cut-side costs be reduced rather than something so beneficial.

On the motion of Louis Neccase, Stevenson Electric Co.'s price of \$89 was accepted to install meters for teachers quarters at Kiln School, separating them from the Church of the Annunciation property. The board recessed to 9 a.m. Saturday.

Charles Garcia Sr.

Funeral services were today in Pascagoula, for Charles Garcia sr., 74, who died at Singing River Hospital there Tuesday.

Mr. Garcia, who was buried at Lakeshore Cemetery, had several relatives in Hancock County, including a cousin Mrs. Viola Garcia of Lakeshore.

Mrs. Curtis Davis

Funeral services were held Friday at 11 a.m. from Fahey-Whitfield Funeral Home, for Mrs. Curtis Davis, the former Audrey Riggs of Bay St. Louis, who was killed Wednesday afternoon in an automobile accident.

Paulbearers included Marion Green, Arvine Garcia, Eldridge Garcia, Malcolm Green, and Kenneth McCarty, all cousins of the deceased.

LIFT YOUR MORALE!

Time was, you know, when a lady lifted her morale by choosing a new hat. Now she goes step further, gets volumes more in personal satisfaction by choosing a new hair colour.

If you haven't yet discovered what the exciting difference of colour can make in your life, chances are you'll want to try it soon, just a new warmth and sparkle, to brighten brown, or a bit of dazzle to make dishwater hair really blonde.

DROOPING CURLS?

Do your curls droop between settings? Hair Spray is the miracle that will keep them in place. Try inserting a few carefully placed clips at bedtime, to preserve your salon set. Then spray ever so lightly, before you put on your hairnet and hit the pillow.

FOR YOUR BEAUTY ADVICE CALL . . . HO-7-5202.

Taconi Heads Legion

Veteran Legionnaire Frank Taconi was elected commander of Clement R. Bonimpe Post 139 for 1960-61 last Thursday night at the American Legion Home.

Edward Murnagh was re-elected Post Adjutant.

Other officers elected were Gilbert Gaynor, first vice-commander; Harold Soulier, second vice-commander; Andy Becker, reelected finance officer; Joseph Bevendean, chaplain; Phillip Hayes, historian; Eugene Monti, sergeant at arms; John Rutherford, service officer; Felix Seeger and Fred Fayard are color guard; Lucien Kidd, judge advocate; Warren Buehler, Roger (Red) Reinike, Lucas Puchau and Al Sunney, executive men; Laurent Dickson, Ed Arceau and Gerald Price Jr., trustees.

Hancock Paces District Again In Bond Sales

According to Mississippi's April 1960 sales report, Hancock County, with total sales of \$41,517, leads the 8th district in the sale of U. S. Savings Bonds.

The goal set for Hancock County is \$70,000. April sales of \$8,256 brought the per cent achieved to 59.51, placing Hancock on the honor roll, a list of the top 20 counties averaging better than 48 per cent.

State commissioners and chairmen stated that the fine spirit of appreciation, effort and the attitude of volunteers in all counties is reflected.

This trophy, awarded to an outstanding Legionnaire for service over and above his regular duties, was first presented by the late W. R. (White) Reinike. Buehler was selected by a

majority vote from the 15 men competing for the award. It will be presented at installation of new officers in July.

Without Rhyme Or Reason

The House Government Operations Committee has put a value of \$265 billion on the nation's assets, and our national debt, which does not include countless federal commitments, is \$290 billion.

With no exaggeration in facts or figures, if some private business or corporation were in a financial hole like that, it would be on the way to liquidation. Without a balanced budget, with no reduction in the national debt, going deeper and deeper into the red, the United States continues with its foreign aid. For the fiscal year, \$4 billion is requested to help people all over the world. Some forty-odd nations are on the American relief rolls in an International WPA that should shock the conscience of every citizen who believes that charity should begin at home.

Our patriotic forefathers who fought the War of Independence on the principle that taxation without representation is tyranny, must be turning over in their graves if they know that their sons are being taxed without rhyme or reason.

Neither under the Federal Constitution nor elsewhere has any authority ever been given, under which the oppressed American taxpayer can be legally taxed to support foreign governments. We can hardly afford the government we have.

No security in the American economy can equal the integrity of the American dollar. The stability of our financial future depends upon its purchasing power. Only by living within our income, balancing the federal budget and paying off our national debt, can we hope to preserve our freedom, protect our institutions and maintain our security.

We cannot squander our substance to the four corners of the earth indefinitely and continue to prosper. In the beginning, with the Colonies under the tyranny of taxation without representation, our patriotic forefathers placed their "lives, fortunes and sacred honor" on the altar of freedom.

Are we, their sons and daughters, willing to make some sacrifice in our own time to preserve the heritage they left to us unencumbered? The very future of the Republic may hang upon our answer.

You are not here Dear Father, To say, thank you, for our offerings.

For there is only a deep sadness.

In all our hearts. But also a Great joy to know that, In our Savior's Arms you're resting.

Far away from grief and pain.

Someday we'll be united there - Never more to part again.

Sadly missed by your family, wife, children and grandchildren.
